Facility Inspection Tool (FIT) 2014/2015				Fair	Fair	Good	Good	Exemplary	???	FIT tool

*District numbers from Data Quest include Alt Ed- data straight from Aeries only includes Comprehensive Sites

2+2 credit, Chronic Absenteeism & Ontrack Rate will be added as they are defined and a standard way or reporting is established

Data Years- state reported data from Data Quest is not available until late spring of the following year, local data from Aeries is for the most current year

*when comparing to state % of Graduates remember that the state has a much lower graduation rate which removes students from the divisor compared to MUHSD (all students v graduates)

   ex- if you adjust for graduation rates, MUHSD A-G rate would be 37.3% instead of 32.3%

SAT 1550 is the score SAT says correlates to a B average in the first year in college, 1300 is the score needed for CSU if a students GPA is 2.0
